Brunch Highlights!

The first gathering of the season for the Ski Club was attended by about 40 participants at the Antelope Park Shelter. As evidenced by these “before” and “after” photos, a large variety of delicious food was brought and devoured by all.

Nick McElvain opened a short meeting sharing the reasons behind not having bus trips this coming season. He also acknowledged the inflationary trend that CSC has seen in every aspect of scheduling ski trips, with the hopes that such a trend is short term as the ski industry

recovers from losses due to the COVID pandemic.

TRIP INSURANCE

It's been said that trip insurance is never needed until it's needed.
What should you know about trip insurance?

- You must purchase trip insurance coverage before it is needed. Once you recognize the need, it is too late to protect your trip.
- After the initial trip payment is made and you have a good grasp of your total expected trip cost, it is good time to get the most accurate quote.
- An example of coverage for a \$1,500 trip within the United States for a 60-year-old is approximately \$63 through www.insuremytrip.com.
- If you need coverage for a pre-existing medical condition, there are time-sensitive eligibility requirements tied to your initial trip payment and you may have a limited amount of time to buy a plan.
