Thirty-three club members made the Copper Mountain trip held February 26 to March 3. Most stayed at condos at Copper Mountain's Center Village. They are just a short walk from the lifts and near a variety of restaurants. We arrived on Sunday to snow falling.

The final day of the Dew Tour was

taking place, so Center Village was bustling. There was action in the half pipe in the afternoon and street-style events took place in the evening under the lights.

Monday morning started out with some sun and fresh snow. There were more snow showers by the end of the day. Copper treated us to a pizza party in the evening. Bev and Jim Young were our Copper Ambassadors and they gave us information on the mountain and answered questions.

We learned this is the 50th year for Copper Mountain, the mountain is naturally segregated for green, blue and black trails, there is a saltwater pool at the Athletic Club, that the Eagle lift is a chongola (a

combination chair lift and gondola), and the new restaurant at the top of the Eagle lift may be open next season.

Tuesday forecast was “blizzard” due to snow and high winds; however, it was only an issue at the top of the mountain. Most of us avoided problem areas and found great skiing just below the top. Wednesday was cloudy with off and on snow showers. The skiing was better than expected. Thursday was the nicest day for weather with sunny skies and fresh snow on the ground. Several people made the trek to Copper’s newest lift, Three Bears, on Wednesday and Thursday where they enjoyed the views from the top of Tucker Mountain and plenty of soft snow.

Most people headed home on Friday morning. Once again, we were met with some snow showers; however, it was not enough to hamper the drive home. A few people skied on Friday before heading out.

We did have one non-skiing incident when a member took a tumble down the stairs of Mountain Plaza and returned to Lincoln on Thursday. I am happy to report that he is healing and his injuries were not as serious as originally thought. Everyone had a good time and enjoyed the soft turns with the fresh snow that we had each day.

TRIP INSURANCE

It's been said that trip insurance is never needed until it's needed.

What should you know about trip insurance?

- You must purchase trip insurance coverage before it is needed. Once you recognize the need, it is too late to protect your trip.
- After the initial trip payment is made and you have a good grasp of your total expected trip cost, it is good time to get the most accurate quote.
- An example of coverage for a \$1,500 trip within the United States for a 60-year-old is approximately \$63 through www.insuremytrip.com.
- If you need coverage for a pre-existing medical condition, there are time-sensitive eligibility requirements tied to your initial trip payment and you may have a limited amount of time to buy a plan.
