TRIP INSURANCE

It's been said that trip insurance is never needed until it's needed. What should you know about trip insurance?

- You must purchase trip insurance coverage before it is needed. Once you recognize the need, it is too late to protect your trip.
- After the initial trip payment is made and you have a good grasp of your total expected trip cost, it is good time to get the most accurate quote.
- An example of coverage for a \$1,500 trip within the United States for a 60-year-old is approximately \$63 through www.insuremytrip.com.
- If you need coverage for a pre-existing medical condition, there are time-sensitive eligibility requirements tied to your initial trip payment and you may have a limited amount of time to buy a plan.
