## What if I am still under a contract on my mobile phone?

**Option 1:** Pay the Early Termination Fee with your current provider and set a goal to enroll other Solavei subscribers within your first 60 days to earn up to \$650 in [Fast Action Bonuses](#) to offset costs.

**Options 2:** Reduce your current monthly service plan to the lowest plan offered till your contract is over. (Example: If you lower your current bill to \$20/plan plus Solavei's \$49/mo, in many instances, you are still paying less than the \$71+ average most people are spending on their current phone bill.)
