Waitlist Status

- Standby test-taking is no longer permitted. If you were unable to register by the published registration deadlines, or if your paper registration has been returned unprocessed without enough time to resubmit it, you may be able to go online to request a wait-list status. This status may be available from the day after the registration deadline until five days before test day at 11:59pm Eastern Time. Unregistered individuals will not be admitted to the test center under any circumstances. Test registration, on test day, at the test center is not available.

- The Waitlist Fee of $44 is charged only if you are admitted to the test center on test day. You will also be charged basic registration fees, $50 for the SAT or $23 Basic Subject Test Fee (Per Registration) and $12 per Subject Test. If you are testing in countries other than the United States and U.S. territories, including Puerto Rico you will also be charged the International Processing Fee of $31. Those testing in Pakistan or India, please include the additional surcharge of $24.

- Wait-list status can only be selected for one test center on any test administration date. This status is only available online; you cannot request wait-list status with the paper registration form or by calling Customer Service. All normal registration requirements apply, including the need to upload an acceptable photo.

- You can request the wait-list status for only one type of test, the SAT or the SAT Subject test(s) on any particular test administration date. You must be able to print your ticket; it cannot be mailed to you. You must bring the required printed Wait-List Ticket showing your wait-list status, acceptable photo identification and any extra documentation for your testing situation (e.g., Eligibility Approval Letter) with you on test day.
Wait-list status restrictions:

Wait List options are not permitted in Benin, Cameroon, China, Ghana, Hong Kong, Kenya, Korea, Macau, Nigeria, Singapore, Thailand, Togo or Vietnam. You cannot make any changes to your wait-list request on test day. If you are admitted to the test center, you must test exactly as specified on your Wait-List Ticket. If you would like more information about the Wait List Option, please use the link provided below.

Waitlist Status

Signing up for waitlist status does not guarantee you a seat on test day. You will be admitted to the test center on a first-come, first-served basis, determined by when you arrive at the center on test day. Waitlist applicants are seated only after all regularly registered test-takers have been admitted and only if sufficient test materials, staff and seating are available. The Test Center Supervisor is solely responsible for determining who is admitted to the test center on test day.

Waitlist Cost Explanation
You will be charged any applicable registration fees, including waitlist fees, only if you are admitted to the test center on test day. The credit card you submit for payment will be preauthorized for $1.00 upon processing of your waitlist request. This preauthorization charge will be removed within five business days after you submit your request.
