CONCEPT AND DEVELOPMENT

The innovative products of International E-Z UP, Inc. have consistently revolutionized the tent and canopy industry. It all started with Mark Carter's breakthrough invention in 1983 - a patented, scissors-action truss system that allows a canopy to be set up, hassle-free with no loose parts in a few seconds.

With over 150 patents worldwide, innovation continues to be a key component to E-Z UP success. E-Z UP has developed its brand name products with a focus on quality, durability, portability, and ease of use.

From concept to development to finished product, E-Z UP meticulously designs, engineers and tests each individual element of their patented systems. E-Z UP employs a broad range of sophisticated design and manufacturing processes which come together to make the E-Z UP® family of products reliable and hassle free, every time.

CUSTOM OPTIONS

APPLIED GRAPHICS

Our in-house graphics department is able to work with you to identify the ideal display concept to promote your brand or product. Our capabilities travel the spectrum from a simple, one-color imprint to a full-bleed UV digital imprint; no matter what your choice, you'll see sharp, colorful graphics that put you in your best light. Our graphics process uses the same resilient inks as outdoor billboard advertisements – and no matter what your order quantity, we have the production timelines to make it happen.

PROFESSIONAL GRADE FABRICS

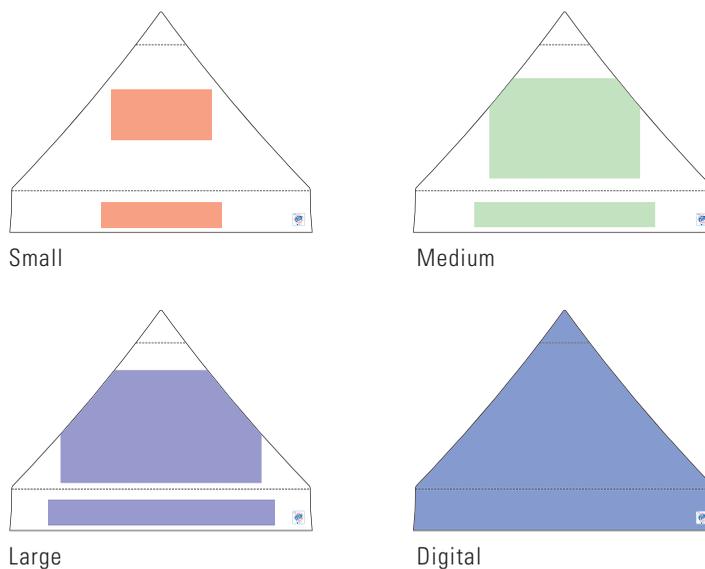

Available in 22 vibrant colors, our professional fabrics are manufactured to exacting E-Z UP specifications. The specially formulated fabric is abrasion-tested for durability, certified to meet **CPAI-84 fire resistant** requirements and treated for water resistance, mildew, and 99% UV protection. Tops and accessories are available in multiple color combinations, so the possibilities are limitless.

GRAPHIC OPTIONS

International E-Z UP, Inc. utilizes the latest technology in custom graphic capabilities. That means we'll keep you looking good with crisp, striking reproductions of your artwork, printed in the industry's finest, most durable inks. Choose from one of the following custom imprint sizes:

CUSTOM DESIGN IDEAS

You've got ideas – and they're closer to reality than you think. Choose from multiple custom products to help build your brand. We are here to support your creative process from supplied artwork to rendered designs to final production. We'll help you decide on the right product for your needs, make sure your branding is eye-popping, and work with your budget and marketing needs to create exactly the E-Z UP® system that's perfect for you. From shelters to chairs, tables to flags, the possibilities are endless!
