- **Full Function, Powerful, Simple to Use:**
 - Live stream, switch from 4 professional SDI and USB sources, record all original channels, plus the resulting broadcast using a package size of a traditional school lunch box.
 - Save the 4 original camera views, your video assets, in high resolution for future re-mix and re-purpose.
 - Don't be fooled by the size and simplicity -- monitor, queue cameras, apply transitions, PinP, overlay graphics, virtual sets, record everything -- it's all there.
- **Portability:** Light weight (10 lbs.) small size 5"x13"x 9"H. Fits anywhere, optional custom Storm Case available.
- **DC Power:** If there is unreliable power, there is even an option to run from battery power.
- **Freedom:** Set up a Monitor and KB console, or move around to see the action and monitor and control your broadcast from your iPad, or both -- you're not stuck at the console.
- **Proven Rugged:** Machined aluminum, titanium and steel, serving productions from studios to off-the-grid locations around the world. When it must work, customers trust 1 Beyond. Events don't have "Take 2."
- **Flexibility:** A Studio Broadcast appliance but switch to Windows and run any auxiliary software.
- **Value:** 4 Pro Camera Studio Broadcaster, 5 HD DDRs, turnkey -- complete for **\$4,995!**
